

## Our History

On October 1, 1892, Dr. A. C. Scott came to Temple to become chief surgeon at the Santa Fe Railroad Hospital. This was scarcely a dozen years after railroad engineer B.M. Temple began to lay out the railroad yard forming the nucleus of the city. Dr. Scott, at the age of 27, headed the hospital, which the Santa Fe had established in the new town, and began a practice of his own among the townspeople.

In 1895, Dr. Scott held a competitive examination; Dr. R. R. White, Jr. made the highest grade and became Dr. Scott's associate at the Santa Fe hospital.

Scott & White began with the signing of a full partnership agreement between Dr. Scott and Dr. White on December 29, 1897. The private practice of the two doctors grew rapidly. They set up a hospital in 1904 in a rented frame house and called it the Tempe Sanitarium.

Later that year, they purchased a Catholic convent that became the nucleus of the old Main building and of a plant that eventually consisted of 28 buildings scattered over six city blocks. In 1923, the names of "Scott & White Hospital" and in 1949, the present names of "Scott & White Clinic" and "Scott & White Memorial Hospital and Scott, Sherwood and Brindley Foundation" were adopted.

The institution was established on three precepts":

Be honest with patients: tell them the truth; treat them as you would a member of your own family.

Be as progressive scientifically as possible within the bounds of safety for each patient.

Charge patients as modest a fee as possible within the limits of good business practice.

From this two-man physician partnership, Scott & White has grown to become one of the largest multi-specialty clinics in the United States. Today, approximately 775 physicians and scientists practice in Temple, and in numerous clinics located throughout Central Texas.

Scott & White Memorial Hospital has a strong commitment to medical education and medical research and is staffed by the physicians of the Scott & White Clinic. Scott & White has supported the training of medical interns and residents since the 1920s. Through our affiliation with The Texas A&M University Health Science Center College of Medicine in 1974, our physicians continue to support the development and advancement of medical education and clinical research.

In 2000, a significant evolution for the organization was initiated through the blending of the three primary components of the healthcare delivery system, the Clinic, Hospital and Health Plan, together under the leadership of one president and chief executive officer. The advancement enabled Scott & White to establish one overriding corporation for operating as a fully integrated system.

The Hospital/Foundation is a non-profit organization, named in honor of four of our outstanding early physicians Dr. A. C. Scott, Dr. R. R. White, R. Dr. N.W. Sherwood, and Dr. G.V. Brindley, Sr. Just as Dr. Scott and Dr. White built and continued their partnership on the precepts of complete honesty with each other and with their patients in a friendly atmosphere of true partnership, so the institution continues to value these same principles and make every effort to live up to this rich heritage.

Today Scott & White has nine hospitals and 50 primary care and specialty care clinics. Some of the major components are:

Scott & White Memorial Hospital

Scott, Sherwood and Brindley Foundation

Scott & White Clinic

Scott & White Healthcare, Round Rock

Scott & White Continuing Care Hospital

Scott & White Health Plan

Scott & White Research and Education Division

The Texas A&M University System Health Science Center College of Medicine

### **Our Mission**

To provide the most personalized, comprehensive, and highest quality health care, enhanced by medical education and research.

### **Our Vision**

Scott & White will be the most Trusted and the most Valued name in American Health Care.

Our commitment to quality and safety will be recognized by ranking in the top quartile in all published quality and safety metrics.

10 percent of Scott & White patients will come from outside of Central Texas.

Our focus on patient-centric care and patient satisfaction will put Scott & White above the 90th percentile in Press-Ganey's "likelihood to recommend" metric.

TAMHSC College of Medicine will be ranked as a Top Medical School by U.S. News & World Report.

We will be nationally ranked in U.S. News & World Report in at least 10 of the 16 specialties.

Scott & White will be listed among the "100 Best Places to Work" – Fortune Magazine

### **Privacy and Security**

Scott & White is committed to protecting and providing for safe health information. For questions or comments, please contact:

Privacy Officer – Frank Anderson

Security Officer – Troy Stillwagon

**Privacy Security Office – (254) 724-9919**

Dr. Purple	ED overload	Ext. 4-2000		Follow the direction of Charge Nurse
Adam Alert	Child/Adult lost	Ext. 4-2000	S & W Security	If you observed, collect data – direction of flight, clothing, and physical characteristics: age, sex, race, height, weight, etc.

Harassment, intimidation, threats or violence is not tolerated in any form at Scott & White. Prohibited behavior includes, but is not limited to profanity, slurs, jokes, physical contact, verbal/non-verbal or graphic conduct that targets an individual, or group of individuals because of their race, color, national origin, gender, religion, age, disability, veteran status, marital status, or citizenship. Unwelcome sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature may constitute sexual harassment. If you feel you have been subjected to harassment, please advise the offending individual (s) that the conduct is offensive and unwelcome, and ask to stop it IMMEDIATELY! Report the conduct to your faculty and charge nurse.

Weapons and guns are not allowed on the premises. Only uniformed, on duty, law enforcement shall be allowed to carry handguns and or any other types of weapons at Scott & White. Any patient or visitor who presents himself at Scott & White with a handgun and or any other weapon shall be asked to relinquish that weapon. Students must immediately report any threats, violence or suspicious behavior to their faculty, Human Resources and Security.

### Security

The Scott & White Security Office is located in the lobby of the Emergency Department. Security officers are on duty, 24 / 7. Office Telephone: (254) 724-2344

### Personal Property:

Scott & White is **NOT** responsible for personal property. Lock up purses and personal items. Do not bring non-essential items to the hospital.

### Parking

All students must park in Employee Lots and display a Scott & White parking sticker. Employee Lots are identified with blue signs, displaying the lot number, located at each entrance. Students are to display a “**Brown**” Scott & White parking sticker in the lower left hand corner, rear window, of their vehicle. Parking stickers can be obtained from your faculty and the S&W Security Office. The sticker must be displayed on student’s vehicle prior to participating in clinical at Scott & White.

If you are driving a borrowed vehicle (your car is in the shop and you are driving your spouses) place a note in the dash - “Borrowed Car, Clara Barton, ext 4-1234.

If you are a patient or a visitor (not at Scott & White in a student capacity) you may park in patient/visitor parking lots. Place a note in the dash of your vehicle – “Doctors appt., Clara Barton”.

### Approved Lots for student parking at each S&W campus:

**Temple: Scott & White Memorial** – Employee Lot 4 B – north of the clinic  
**Scott & White Santa Fe Center** – Employee lot  
**Scott & White Continuing Care Hospital** – West Campus parking,  
northeast of the front door  
**Round Rock-** south west corner of Employee lot  
**Bryan/College Station-** contact HR for parking assignment.  
Students are not required to display a parking sticker.

Parking violations will be handled as follows. A parking ticket is issued as a warning for the first violation. For the second violation, your tire will be booted. Security must be contacted to remove the boot. The Clinical Site Coordinator will notify the Dean of the appropriate school. The third violation will result in the vehicle being towed at the owner's expense. The Clinical Site Coordinator will notify the Dean of the appropriate school of nursing. Three violations are grounds for terminating clinical at Scott & White.

To obtain a parking permit print, complete and present the request form to your faculty. For new or additional cars, print the parking permit request and take it to the Scott & White Security Office. To complete the form: "Department" is **Nursing**, "Extension" is **4-1244**, check "Student" and write the school you are attending (UMHB, CTC, or TC). A parking lot map can be printed for location of the appropriate lots.

### **Confidentiality**

Patients seek health care and expect their personal information to be held in confidence and shared only for the sake of seeking advice to improve their health status. As Scott & White is a teaching faculty, and you are a student, our patients medical and personal information is made available for the sake of learning. Be aware of your location and surrounding when discussing patient information with your faculty and your peers. Breach of confidentiality is ground for terminating clinical at Scott & White.

### **Richard D. Haines Medical Library**

The medical library is located on the third floor of the A&M System Health Science Center College of Medicine Education Center at Scott & White (TAMU II).

Hours: Monday – Friday 8 a.m. - 5 p.m.

Contact Library Staff – by phone: 254-724-2228 or email: [library@swmail.sw.org](mailto:library@swmail.sw.org)

The Library has an intranet web site <http://library.sw.org>. This site can be accessed from within the Scott & White campus. This site includes links to the catalog, databases, electronic journals, and electronic books.

The Library has 18 computers available for library users and are located in the Computer Lab in the mail area. Photocopy fees are 10 cents a page and machines are located in the Copy Room. A Microfiche Reader/Printer is also available in the Copy Room. Please pay for photocopies at the Service Desk.

Audiovisual materials can be viewed on the TV/VCR/DVD players.

### **McLane Dining Room**

The McLane Dining Room is available from 6:30 a.m. – 7:30 p.m. and 1:30 a.m. – 3:30 a.m. The McLane Dining Room is located on the first floor of the Critical Care Building. You may purchase your food and drink from the Café or bring your own.

### **Drug Free/Tobacco Free Work Force**

Scott & White is a drug free and tobacco free workplace inside and outside the buildings. Anyone wishing to smoke must leave the Scott & White campus. Smoking in personal vehicles while on S&W property is not permissible.

Attached is the Student Substance Abuse Policy. Please print, read, and sign the acknowledgment page, to be returned to your faculty.

### **Documentation**

Documentation of patient care, provided by nursing students, will be in accordance with the Scott & White Nursing Documentation Policies. Students enrolled in professional schools of nursing can perform the duties of a RN, under the supervision of the schools' faculty or a Preceptor, with the exception of administering blood or blood products. Students of a vocational school of nursing can perform the duties of a LVN, under the supervision of the schools' faculty or Preceptor.

Patient care documentation is completed on the Siemen's PCD system. PCD is not used on the following units: NICU, L&D, Postpartum, Emergency Department, Day Surgery, PACU and OR. The ICUs only use the Patient Assessment.

Medication administration documentation is completed on the Siemen's Pharmacy System "MAK" on most inpatient units. NICU, OB, Day Surgery, PACU, and OR are not using this system.

Documentation Policies state:

All documentation must be legible, in black ink and include date, time, signature/credentials, &/or initials.

Assessments:

A RN must complete admission assessments within the first 8 hours of admissions.

Shift (D, E, and N) and split shift assessments must be completed each shift by a RN or LVN. A RN must assess each patient each 24 hours.

An assessment must be conducted when the patient's condition changes, changes levels of service, and is discharged.

Interventions are documented by the health care provider performing the care. Evaluations are written for each intervention and as often as required by the patient.
